CASES PRODUCED:
2,777

THE BLENDING PROCESS:

Crafting the best wines in the world requires farming the best vineyards and using the highest quality barrels. The Winemaker selects individual wines from each vintage, blending together and evoking a vision that showcases the qualities and characteristics defining the growing season. Our Torcia Red Wine reflects this craftsmanship. We take great pride in tasting and evaluating each wine lot so the final blend truly represents the Winemaker's vision.

AROMAS & FLAVORS:

This red wine has an intense and vibrant purple hue with notes of anise, Luxardo cherries, fresh lavender and other floral notes. Savory flavors mingle with hints of graphite, dried fig and candied plums. Youthful tannins dance on the palate giving lively, electric texture perfect for drinking now or for aging.
