

PREDATOR

WINES

2022 OLD VINE ZINFANDEL, follows a holistic approach in winemaking. Our commitment to sustainable growing practices helps ensure the health and vitality of our select vineyards. “Natural Predation” is an eco-friendly strategy to control harmful critters in the vineyards. Ladybugs, a natural insect predator, along with predator mites, feed on destructive aphids.

LODI, CALIFORNIA is ideally situated between the Sierra Foothills and the San Francisco Bay Delta and benefits from cool afternoon and evening breezes, producing world-renowned red varieties. The 2022 vintage saw early varieties, mainly whites and some early-ripening reds, this fruit shows elegant with bright acidity and rich flavors. The later waves, which came after a heatwave show powerful flavors with dark fruit characteristics.

FOOD PAIRING: ladybugs would suggest pairing this Old Vine Zinfandel with fresh aphids or mites - but we recommend short ribs or a delicious cheeseburger. This wine can also be enjoyed with grilled veggies and a savory mushroom risotto.

WINE STYLE

An intense, full-bodied wine with dark fruits, cherry, and spice. Lingering tannins over a long, smoky finish.

BLEND

Zinfandel

ALCOHOL

14.5%
