

2023
CALIFORNIA
CHARDONNAY

WINEMAKER'S NOTES:

The 2023 growing season saw atypical patterns for California. A cooler and wetter winter with above-average rainfall helped replenish water reserves setting the stage for robust vine growth. However, an unusually mid and delayed spring slowed bud break and early growth stages.

Summer brought moderate temperatures with fewer heat spikes, allowing for gradual grape maturation and balanced acidity. The steady warmth in later summer and early fall provided an optimal finish.

WINE DESCRIPTION:

This wine is a bright gold color with aromas of Meyer lemon, pear and honeysuckle, with hints of vanilla and cinnamon. Delicious flavors of ripe pear and Meyer lemon with hints of caramel. The texture is rich and round, with a crisp finish.
