

**2024 PREDATOR LOVELINESS SAUVIGNON BLANC** furthers our commitment to sustainable growing practices. Letting ladybugs fly free in our vineyards creates a source of natural predation. They devour all the mites, aphids, and other harmful pests, keeping our vineyards healthy without synthetic inputs. That ladybugs are also adorable is just a bonus.

**CALIFORNIA'S NORTH COAST** stretches from the small inland vineyards in Mendocino, all the way south of Petaluma, with hundreds of microclimates and soil types in between. What makes these areas special is what they have in common: cold breezes from the Pacific Ocean and blankets of fog. We selected vineyards for Loveliness based on their demonstrated abilities to craft exemplary Sauvignon Blanc, with all of the fresh, clean characteristics the varietal is known for.

**FOOD PAIRING:** Loveliness Sauvignon Blanc is a natural with all kinds of seafood from raw oysters to delicately baked white fish. But it also partners beautifully with soft cheeses, pesto sauce, and summer salads.

**WINE STYLE:** The first thing you'll notice in this medium-bodied wine is the abundance of aromatics. Bright floral scents backed by a bit of garden herbs lead to flavors of juicy melon, ripe stone fruit, and just a bite of citrus at the end for a crisp, clean finish.

**BLEND**  
100% Sauvignon Blanc

**ALCOHOL**  
13.5%

**BOTTLE DIMENSIONS:**  
Height 11.79"  
Width 3.27"

**CASE DIMENSIONS**  
39.5 lbs.  
Height 12.50"  
Length 12.55"  
Width 9.45"

**PALLET CONFIGURATIONS**  
42" x 48"  
56 cases per pallet  
14 cases per layer  
4 layers per pallet
